FINANCIAL AID & SCHOLARSHIPS
Midwestern State University is consistently recognized for its affordability. In fact, in 2015-16, approximately 75% of our students received $54 million in some form of financial aid assistance. Couple that with our affordable tuition and fees and you are one step closer to completing your degree. Below are some resources to help you plan for your return to the classroom.

TRANSFER STUDENTS
If you will be attending both MSU and NCTC, we have a financial aid incentive just for you. A consortium agreement allows you to be registered at both institutions simultaneously while receiving financial aid at MSU based on the combined enrollment of both institutions. Learn more at mwsu.edu/finaid/nctc.

FAFSA
To apply for additional financial aid at MSU including grants and loans, submit the FAFSA at FAFSA.ed.gov.

TRANSFER SCHOLARSHIPS
If you are a first-time transfer student, you may be eligible for one of the following general academic scholarships:

- **Transfer Excellence**
  Minimum 3.5 cumulative GPA from each institution previously attended, $2,000 per year
- **Transfer Achievement**
  Minimum 3.0 cumulative GPA from each institution previously attended, $1,500 per year
- **Phi Theta Kappa**
  Membership in PTK at previous institution, $2,500 per year. Can be combined with other scholarships.

Application deadline for fall is April 1 and November 1 for spring semesters. Learn more at mwsu.edu/admissions/scholarships.

DONOR SERVICES & SCHOLARSHIPS
Our Office of Donor Services and Scholarships offers multiple opportunities for students who apply for and meet scholarship criteria. Scholarship amounts will vary based on funding and availability. Learn more at mwsu.edu/scholarships.
MSU Flower Mound has selective, innovative programs that will set you on the path for career advancement and provide you with the resources you need to finish strong.

Our flexible program options are designed to fit your busy life. Recognized for our affordability, we help you earn a degree without the heavy debt common at some universities.

Take the first step toward earning your degree and apply today!

- Complete the Apply Texas application online at www.applytexas.org.
- Submit official transcripts from each institution attended.
- Submit application fee.

CREDIT TRANSFERS
Our online guide shows how courses from more than 50 two-year colleges transfer to MSU, and we update the guide annually for your convenience.

Check your class equivalencies at mwsu.edu/admissions/ equivalencies.

APPLY NOW

RESPIRATORY CARE
The need for respiratory therapists is expected to grow by almost 15,000 new positions over the next decade. As one of the leading respiratory care programs in the United States, MSU has continued to excel in the education and preparation of our students. We are dedicated to providing state-of-the-art instruction emphasizing clinical practice based on scientific inquiry and meeting the needs of a diverse health-care community.

The majority of our graduates find full-time employment as respiratory therapists prior to graduation and many become managers, directors, senior administrators, educators, physician assistants, and ICU, NICU, PICU, and ECMO specialists.

When you complete our program, you will be eligible to sit for the National Board for Respiratory Care (NBRC) Credentialing Exam for the Registered Respiratory Therapist exam. Upon successful completion of the NBRC exams, graduates may apply for a Texas State License to practice respiratory care as a Respiratory Care Practitioner.

Our program is accredited by the Commission on Accreditation for Respiratory Care.

For more information, email admissions@mwsu.edu.

RAADIOLOGIC SCIENCE
For almost 50 years, MSU has been at the forefront of radiologic sciences education. Our Bachelor of Science in Radiologic Science (BSRS) degree is designed for lateral and upward mobility if you are an ARRT registered technologist or a registry-eligible student who is unable to attend college on a full-time basis.

As a registered technologist you may earn up to 42 semester credit hours of advanced standing.

Our program offers a variety of subject content including courses designed to prepare you for advanced level examinations in specific modalities. All of the courses in our BSRS program are offered as internet courses.

For detailed program information, contact Debra Wynne at 940-397-4608.

NURSING • RN TO BSN
Nursing is the fastest-growing occupation in the United States. Few professions provide you with as many choices of where to work, areas to specialize in, or degrees to use. As the health-care field becomes more complex and demanding, a bachelor’s degree in nursing has become an essential credential for nurses who want to advance their careers.

MSU’s RN Transition Program is designed to help certified RNs who have an associate degree in nursing enhance their professional skills and increase their value to employers. This is an online program that can be completed in two semesters for full-time students or four semesters if attending part-time. New students begin in the fall semester each year.

For detailed program information, contact robin lockhart at 940-397-4614.

TEACHER EDUCATION • ELEMENTARY/MIDDLE
Your degree from the MSU West College of Education will provide you with the skills not only for the classroom but also for advancement in leadership.

Our curriculum is designed to help you become a critical thinker and effective problem solver—skills that are valuable and stay with you even as the world around you changes.

The West College of Education is accredited by the National Council of Accreditation of Teacher Education, as well as the Council for the Accreditation of Educator Preparation.

For detailed program information, contact Kayla meaders at 940-387-4370.
