Deliberation about Donation
06-42. Dr. Rogers stated that it was his pleasure to announce that Mrs. Kay Dillard of Wichita Falls, on behalf of the Dillard Family, had given Midwestern State University the largest single financial gift in Midwestern’s history. The gift was given in honor of A.R. “Bud” Dillard, Jr. who was a long-time business and oil man in Wichita Falls. The gift was given to the university to benefit the College of Business Administration. This gift would ensure a bright future for Midwestern State University and the College of Business Administration.

Mr. Cannedy noted that in relation to this gift, and in keeping with the wishes of the donor, the administration had requested that the Board authorize the President and Chairperson of the Board to transfer the Dillard gift and any interest earned to the MSU Charitable Trust, and to establish the Dillard Trust. Mr. Cannedy noted that the majority of the university’s endowments of large proportions such as this are kept in the MSU Charitable Trust, which is a supporting organization of Midwestern State University. He indicated that Mrs. Dillard had authorized this proposed transfer.

Mr. Malone moved approval of this recommendation as presented. Ms. Haywood seconded the motion. The motion was approved.

Naming of Facilities and Administrative Entities
06-43. Mr. Cannedy noted that Policy 4.146 of the MSU Policies and Procedures Manual outlines circumstances under which university facilities can be named. In recognition of the gift received from Kay Dillard, the administration recommended that the College of Business Administration be named the “Dillard College of Business Administration” and that the new College of Business Administration building also carry the name of Dillard.

Mr. Lalani moved approval of this recommendation. Mr. Gustafson seconded the motion and it was approved.
Nominating Committee Appointment

06-44. Mr. Cannedy reported that in accordance with Section 2.31 of the MSU Policies and Procedures Manual, he would appoint a Nominating Committee to make a recommendation to the Board of Regents at the February 2006 meeting concerning the university president’s contract for 2006-2007. He reported that the committee would be named the “Presidential Performance and Compensation Review Committee.” He asked Mr. Lalani to serve as chair and asked Mr. Malone and Mr. Bridgman to serve on the committee.

President’s Report and Discussion

06-45. Dr. Rogers thanked the Board for their energy and leadership and for all that they contribute to Midwestern State University. He then presented information to the Board concerning various university matters.

A. December Commencement Speaker – Dr. Rogers announced that Senator Steve Ogden of College Station would be the university’s commencement speaker in December. Senator Ogden is chairman of the Senate Finance Committee. He was elected to the Senate in 1997 following serving three terms in the Texas House. Senator Ogden is a graduate of the Naval Academy and Texas A&M University. He added that Senator Ogden works tirelessly on behalf of higher education and Midwestern State University.

B. Student Regent Selection Update – Dr. Rogers reported that four applications were received from students who would like to serve as Student Regents. These four applications were submitted to Dr. Rogers. He noted that he would select two and forward them to Governor Perry for his review and appointment. The student should be appointed and join the Board in February. Mr. Bridgman asked if the Governor would select one from the two sent by Dr. Rogers. Dr. Rogers responded that the Governor does not have to select from the two submitted by the university.

C. Rodriguez Drive – Ms. Haywood expressed her concern about Rodriguez Drive. She indicated that she had heard from various people that it is very difficult to see the center medians at night. She asked if something could be done to make them more visible. Dr. Rogers responded that he had discussed this matter with Mr. Sandoval and they had decided that some type of reflectors would be placed on the street and on the medians. He added that when the university hires a landscape architect to work on the Museum he planned to get an opinion on what should be placed in the medians. He stated that eventually when it is lit and landscaped it will be a very attractive spot on the campus.

D. Report on Student Financial Aid – Dr. Clark presented information concerning financial aid at MSU. He noted that FAFSA (the Free Application for Federal Student Aid form) is something that any student or parent of a student has to complete before the student can be considered for financial aid. Once that form is processed, the financial aid office at the university uses the information to determine what is called “unmet need.” They look at the cost of attendance at
MSU and the amount the family or the person can contribute, which is known as “expected family contribution.” The expected family contribution is subtracted from the cost of attending and the result is the student’s “unmet need.” Some students qualify to receive grants such as the Pell Grant which is provided by the federal government. There are also a number of state grants available. One of those is TPEG (the Texas Public Educational Grant). The funding for TPEG comes from the funds MSU and other state universities are mandated to set aside from paid tuition.

Dr. Clark presented information on two slides which are shown in Attachment 1 of these minutes. He added the following information with regard to the slides.

- The total number of students enrolled in the fall 2005 was 6,279.
- Of these 6,279 students, some type of assistance was provided to 4,832 students (77% of total enrollment). This assistance included grants, scholarships, loans, waivers, exemptions, and work study.
- Of the total 6,279 students, 2,655 (42% of total enrollment) students demonstrated financial need when they completed a FAFSA.
- Of these 2,655 students who demonstrated financial need, 2,605 (98% of students showing need) received some type of assistance. Again, this assistance included grants, scholarships, loans, waivers, exemptions, and work study.
- In addition, 2,227 (35% of total enrollment) students who did not demonstrate need (by FAFSA) also received some type of assistance (including grants [TPEG], scholarships, loans, waivers, and exemptions [not work study]).

Mr. Stephens asked how MSU’s numbers compare to similar-sized institutions. Dr. Clark responded that MSU giving aid to 98% of students with need is very positive for the university. Dr. Rogers commented that in terms of qualifying aid, MSU is very comparable with other schools. He added that MSU’s scholarship program in relation to other schools is very strong.

Mr. Malone asked what happened to the 50 students who demonstrated financial need and did not receive anything. Dr. Rogers responded that the university ran out of its local set-aside money this year and funds simply were not available. Mr. Malone asked if the funds were distributed on a first-come first served basis. Dr. Clark responded that they were.

The second slide showed the dollar amounts involved.

- The students who demonstrated financial need when they completed the FAFSA demonstrated a total need of $25,005,765.
- Of this $25,005,765 in demonstrated need, $21,428,397 (86% of demonstrated need and 72% of total awarded) was met through grants, scholarships, loans, waivers, exemptions, and work study.
- The 2,227 students who did not demonstrate need but received awards, received a total $8,397,466 (28% of total awarded), bringing the total dollars of assistance provided to MSU students up to $29,825,863.
Dr. Clark added that the numbers would continue to increase as additional aid is given throughout the year. Dr. Rogers noted that it was astounding that MSU awards $30 million in financial aid to its students in one academic year.

E. Annual Fund Report – Ms. Amador presented a report on the Annual Fund as shown in Attachment 2. She added that alumni participation in 2004-2005 rose to 8.1% which surpassed participation reported by West Texas A&M University, Texas A&M Commerce, the University of North Texas, and Sam Houston State University. She noted that she hoped the 2005-2006 numbers would surpass those reported by Tarleton State University and Stephen F. Austin University. She expressed her thanks to the Regents for approving the Assistant Director position in her area. She noted that this would help her office continue to expand its outreach. Mr. Lalani indicated that Kristal and her staff have done an outstanding job with the Annual Fund. The Board expressed their participation for their efforts.

Mr. Cannedy added that the funds that are raised by the Annual Fund cannot be used to pay the expenses of the office since donations received must be spent as the donor designates. He indicated that part of the expense of the office is paid through the MSU Charitable Trust.

F. Marketing Campaign Report – Ms. Buss presented information concerning the marketing campaign at MSU (see Attachment 3). She noted that she last made a proposal to the Board in 2002 to establish a full-blown marketing campaign for MSU. At that time the two goals of the campaign were 1) to saturate the Wichita Falls area and surrounding community with a solid, aggressive presence and 2) to establish good name recognition outside of Wichita County. She indicated that the campaign has met these goals and efforts continue with expansion needed. She noted that expansion of the marketing campaign is dependent on funds available. Mr. Sandoval indicated that funding could be found to support the marketing program. The Board expressed their appreciation to Janus and the marketing committee for their efforts.

Mr. Cannedy asked about the schedule for opening the business building. Dr. Rogers stated that construction was on schedule and the building should be complete in June. The business faculty should begin moving in during the summer and classes will start at the beginning of the fall 2006 term.

Ms. Haywood asked if the students were enjoying the renovated Pierce Hall. Mr. Lamb responded that the facility had been well received. Mr. Lalani asked if the Board could tour Pierce Hall during the February Board meeting. Dr. Rogers responded that this would be added to the schedule.

Mr. Gustafson thanked Dr. Rogers and the university physical plant staff for the time and effort put in keeping the lake clean after the recent storm. He indicated that the lake looks wonderful and is utilized greatly.
Adjournment
There being no further business, the meeting was adjourned at 10:10 a.m. The next regularly scheduled meetings of the Board of Regents will be Thursday and Friday, February 9 and 10, 2006.
